To whom it may concern:

This letter is to thank Ms. Hilda Cadenas for her consulting work here at El Carajo. Her work has helped us create a solid base for future growth and sustainability. Ms. Cadenas's practical approach and technical knowledge has prepared us to overcome many of the pitfalls small businesses face today. She has helped us start taking advantage of the many opportunities afforded small businesses.

Ms. Cadenas optimism and enthusiasm has made it a delight to work with her. She has a "can do" and unapologetic yet professional attitude that made sure goals were accomplished and standards were kept. I wish Ms. Cadenas great success in her future endeavors and would recommend her to any small business looking to modernize and improve their bottom line.

Sincerely,  
Javier Fonseca
